*A Publication of The Friends of the Chemung County Library District*

**Winter 2014**

## **Annual Book Sale**

*Friends* begins 2014 with enthusiastic preparation for its upcoming *Book Sale*. The *Sale* once again will be located at the Arnot Mall in the same space as last year—adjacent to *Bon Ton* and accessed through the *Ruby Tuesday* entrance.

Inserted in this edition of *The Bookworm* are two flyers: an advertisement for the *Book Sale* and a *Book Sale Volunteer Hours Form*. *Friends* asks that you post the advertisement in a venue that you frequent, such as a local business, restaurant, civic or community gathering site or church. In addition, *Friends* would appreciate your volunteering in two hour blocks or more. You can help customers find books, organize book tables or help at the check-out counter. Abundant thanks to all who volunteer year after year. We honor your support. However, if you cannot volunteer, please give the *Volunteer Form* to someone who does not receive *The Bookworm* and who might have time to give.

The *Volunteer Form* may be mailed to the Central Library (Steele), dropped off at the Central Library or emailed to [friendsofcld@gmail.com](mailto:friendsofcld@gmail.com) (subject: Book Sale Volunteer). More *Book Sale* information can be found on the CCLD website: [www.cclld.lib.ny.us/friends.htm](http://www.cclld.lib.ny.us/friends.htm).

If you have books to donate, please bring to the rear door of the Central Library or any convenient District library.

With anticipation for another great *Sale*, *Friends* thanks you for your book donations, volunteer time and continued support. View *Book Sale* updates at [www.facebook.com/friendsofcld](http://www.facebook.com/friendsofcld).

## *Friends Poetry*

### **Adult**

The 2013 *Friends Adult Poetry Festival* was postponed and integrated into the 2014 *Friends* program. In the coming year, more frequent and casual readings and open mics will fill the creative calendar! *Friends* plans to expanded literary reading opportunities to include multiple creative writing genres, memoirs, short stories and fiction, as well as essays and nonfiction. Several events will include live music open mics. Ultimately, *Friends* hopes to encourage poetry and prose experiences throughout 2014, culminating in the year-end *Adult Poetry* competition.

### **Youth**

*Friends* will accept youth poems for consideration in the 2014 *Youth Poetry Festival* anytime after February 1, 2014, until the May 30, 2014 Deadline. ## **World Book Night 2014 – A Community Event in Chemung County**

On Wednesday, April 23, 2014, book-loving volunteers across America will participate in World Book Night (WBN) by giving away books to those in their community who don't regularly read. The idea began in 2011 in the UK and Ireland as a way of encouraging more adult readers. London booksellers thought what better way to get someone to read than to personally give them a title you love. It was successful and in 2012, the US and Germany joined in. On just one night, 2.5 million books were given away in 4 countries by 80,000 people.

Several CCLD staff and CCLD Friends participated in last year's event and found it to be most successful distributing books at the Arnot Mall. This year, CCLD plans to increase participation and is seeking Friends to help distribute books. If you'd like to help on the evening of April 23rd, please contact Chris Corter at the Central (Steele) Library – [corterc@stls.org](mailto:corterc@stls.org) or 733-8609.

Why is World Book Night held on April 23rd? Find out by going to the WBN website and read more about it. [www.us.worldbooknight.org](http://www.us.worldbooknight.org)

# Kinderbook Program Update

We are proud to announce that the Kinderbook program is celebrating its 10th year. Since the schools have been facing so many challenges, including budget cuts, the Friends of the Chemung County Library District and Friends of the Horseheads Free Library have graciously agreed to pay for the bus transportation in all schools this year. We are very pleased that we are able to do this, and the schools are very appreciative. As a result, all kindergarten students in all the area schools will attend a program at either the Central (Steele) or Horseheads Library.

The parents must fill out applications, then the children will receive a library card. The committee has been hard at work getting all the applications ready for the schools. Our children's librarians work hard to put on an excellent program for the children when they come.

Starting in March, each school will begin to send their kindergarten classes to learn about the library and sign up for their cards. Their visits will continue until the end of May. Thanks to the wonderful generosity of the Friends, we hope that all our young readers will become avid library goers in the future. Through our support we hope the students will be encouraged to bring their siblings and their parents for return visits.

As this is our 10th year anniversary, we intend to bring you more exciting plans for all our young readers in the near future. Stay tuned to Kinderbook 2013/14.

Faith Gray  
Kinderbook Committee

## **Annual Chess Challenge - Saturday May 17th, 2014**

The chief of the Chemung Valley Chess Club, Michael Kane, again throws down the gauntlet to all players of chess, that williest and wickedest of war games in the whole history of the world. He invites all warriors of every ranking, young and old, novice and advanced, to join battle for the throne of a castle called Steele Memorial Library or Central Branch of CCLD on Church St. in Elmira, N.Y. Any of the 50 who fought last year can assure all that they have no reason to be afraid. No one dies, not even metaphorically, in a tourney specially designed to suit contestants at every level of age or ability. Not only does how long you've played chess not matter, how long you can play on the day matters not.

In our "King of the Hill Tournament" no participant gets knocked-out or ground down. Every competitor finds his own level of competence, and can play for prizes there, even if he or she cannot devote more than an hour to glory on the field or to free food at the buffet. Our object remains steadfast. We play for fun! However, our game teaches young minds to think maturely analytically, and keeps mature minds young and active. Michael Kane has enjoyed this ancient, universal game everywhere around the world, despite every barrier of language and culture. He commends it highly to all comers, and is quite willing to teach for free the grand old game. The Chess Club meets every Wednesday at the library from 10 to 3:00 and by arrangement. Call Michael Kane at 607-857-8479.

## **Teens & Libraries: Made for each other**

Doris Jean Metzger, MLIS

Teen Services, Central Library, CCLD

January 2014

I'm very fond of teenagers. Why? Because they are full of intensity of thought, emotion, and growth. They are creative and open to new information and experiences in their search for figuring out who they are now, and who they want to be in the future. Libraries are the best public places for making friends, collaborating, being creative, building relationships, and learning by both reading and doing. These characteristics make teens and libraries perfect for each other.

Young adults have unique developmental needs that are necessary to becoming successful adults. Young Adult library programs (always developed with teen input), are key in nurturing these needs. Library programs and volunteering teach responsibility, technology skills, develop teens' interests and talents, prep them for academic success, and more.

### **How we are already making a difference to teens:**

Feedback from our teens:

"It (library programs) gets us out of the house & introduced to a variety of situations and experiences that we wouldn't otherwise get."

"It (the library) prepares us for the future."

"This (Teen Hangout Night) is the only place I can be with people I LIKE."

"I've never been to anything like this before! Can we do this again, at Christmas??!" (referring to the Vampire Masquerade Ball the Friends of CCLD generously funded).

### **My observations:**

I see teens **expanding their skills and confidence** by creating designs for CCLD's block at the sidewalk painting festival, planning a peer learning web programming workshop, and leading the monthly Manga group. **New friendships are forged** over a Wii video game, and **informal homework help** sessions between students pop up during teen night. Most poignantly, a teen came to me for **help with a family crisis**, because she had "nowhere else to go" (except the library) and liked and trusted our youth services staff, since meeting us through teen hangout night.

### **Activities with Teens at Central Library:** Since June 2013

I started a TAG (Teen Advisory Group) for the Central (Steele) Library. Currently, I have six teens in the group. We meet once a month to brainstorm and plan young adult programs, assist with children's programs, discuss what books, games and music the library should purchase, and determine which fun community outreach events we will participate in. Several of the TAG members are also regular library volunteers.

### **Teen oriented community outreach:**

So far this year the TAG group and I have promoted the library at the following community events:

- Elmira Street Painting Festival: TAG designed and painted a library themed square.

*Continued on following page.....*

...Continued from pervious page: **Teens & Libraies: Made For Each Other; Doris Jean Metzger, MLIS**

- iMatter Festival: TAG manned a CCLD table at this annual life-affirming, youth oriented, scream music festival at Eldridge Park.
- HerobotCon: TAG members dressed as their favorite manga or sci fi heroes, helped library staff at the CCLD table, and took turns being Booker.

Our weekly Teen Hang out Night (every Tuesday at 6pm) came directly out of the teen survey I conducted with the help of the Elmira City school librarians. The number one request from area teens was for an after school hangout time. During their night, teens play board and video games, socialize, and enjoy snacks. One teen said: "I like coming here because this is the only place where I can be with people I LIKE." Teen night (and the library in general) is a safe, congenial place away from the social pecking order at school, or a chaotic home life.

### **Other programs:**

**How to Draw Comics** by local Corning comic artist Emily Swan (July 2013)

**International Games Day @ the Library** (November 2013; Teens & Adults)\*

**So "Bad, It's Good" Movie Night** (monthly; open to Teens and Adults)\*

\*With librarian Jennie Lewis.

**Teen Study Week** (in January, during Midterm exams). By TAG members' request, a quieter area will be set aside in the evenings for teens to study, with healthy snacks provided.

### **Future Plans:**

- Implement programs on game design and gaming.
- Re-design the CCLD teen webpage and update the content, in partnership with virtual services librarian, Jennie Lewis and TAG.
- Plan, design & find funding for a dedicated teen space in the Central Library. We envision this to be a vibrant, active space, one in which teens can do gaming, collaborate and create on computers and other digital media, listen to music, socialize, and yes....read and study.

### **How you can help:**

Financial help with the future designated teen space, perhaps by purchasing teen friendly furnishings, dedicated computers, etc.

Continued help and funding for teen programming, such as the annual Halloween Ball, and other significant teen events.

And of course recommend to everyone you know to become a member of The Friends of CCLD!!

### **Thank you!**

Thank you, Friends, for continuing to make CCLD teen oriented programs a reality with your generous financial support and with your willingness to learn about how today's teens and libraries are "made for each other."

# *Happy Birthday, Elmira!*

*Friends of CCLD Celebrates Elmira Sesquicentennial (1864-2014)*

*Friends* has a long-standing history in Elmira. Founded as the *Friends of the Steele Memorial Library* in 1956, it has supported the now *Central* (then *Steele Memorial*) *Library* ever since. The *Steele Memorial Library* was incorporated in 1893 by Esther Baker Steele and others as a memorial to her husband, Joel Dorman Steele. The *Steele Memorial Library* was first located in the current Realty Building at the corner of Lake and Market Streets; beginning in 1923 it moved to the corner of Lake and East Church Streets; and since 1979 has been located at the corner of Church Street and Clemens Center Parkway. The *Steele Memorial Library* underwent a major renovation between 1999 – 2001, resulting in new interior design, furnishings, carpeting and expanded electronic services.

Since 1995, the *Steele Memorial Library* has been the *Central Library* for the *Southern Tier Library System*. In 2005, the *Steele* became part of the five-library and *Bookmobile* district that comprises the current *Chemung County Library District*. In 2013, *Friends of the Steele Memorial Library* became *Friends of CCLD* to reflect its continuing support of all five libraries and the *Bookmobile*. Thank you to all *Friends* supporters--past, present and future--who help our libraries thrive! ([www.cclid.lib.ny.us/downtown.htm](http://www.cclid.lib.ny.us/downtown.htm))
